Part	Count	Unit price	Total	Link
Pump	2	10	20	_____
Microcontroller	1	17	17	_____
12V power supply	1	14	14	_____
BPT tubing	2	0	0	_____
Silicone tubing	1	9	9	_____
Screen	1	10	10	_____
Level sensor	2	20	40	_____
Motor controller	1	8	8	52&sr=8-3
Buck converter 12->5	1	6	6	=8-3&th=1
Control knobs	1	10	10	ewsAnchor
PCB	1	30	30	
PETG	1	15	15	

Some components are multipacks

ESP 32 dev kit 1

12V barrel jack

Chose one of these

This is the cost of a minimum order(5) for JLCpcb

Many suppliers

These are general electronics these are just the link I used since I wanted extra parts for other projects

	Links or notes
Socket Headers	_fed_asin_title
Screw set	_fed_asin_title
Power sockets	_fed_asin_title
Screw terminals	_fed_asin_title
Assorted resistors	Any general electronics kit
22 AWG wire	9hdGY&psc=1

Includes cost for more than one device. Some components like microcontroller and motor controllers dont come in 1 packs(at least not at good prices)

LEDs	Any general electronics kit
